

What will you choose to do?

- Find out more about rock art – human-made markings placed on natural stone. Draw your own pet or a friend's pet in the style of a prehistoric cave painting.
- Write your own prehistoric adventure story. Will you set it in the Stone Age, Bronze Age or Iron Age? Make sure your story reflects the time in which it is set.
- Use your local library to research the Stone Age, Bronze Age and Iron Age history of your local area. Are there any sites to visit, or can you find any relevant online images or news stories?
- Iron Age people started growing crops such as spelt wheat, barley, rye and oats. Can you find these foods in your local shops? Can you find out where these crops are grown now? List your findings in a table.
- Make a 3-D model of a Bronze Age settlement, making sure it is historically accurate.
- We know about prehistoric life from artefacts that have been found, such as food, coins, tools and jewellery. What might historians of the future find out about you from your everyday belongings? Write a newspaper report about something found 1000 years in the future.
- Make a photo montage of prehistoric monuments. You can search for the best images online and download them to a PowerPoint slide or Word document.
