

## How to access Google Classroom on a Playstation

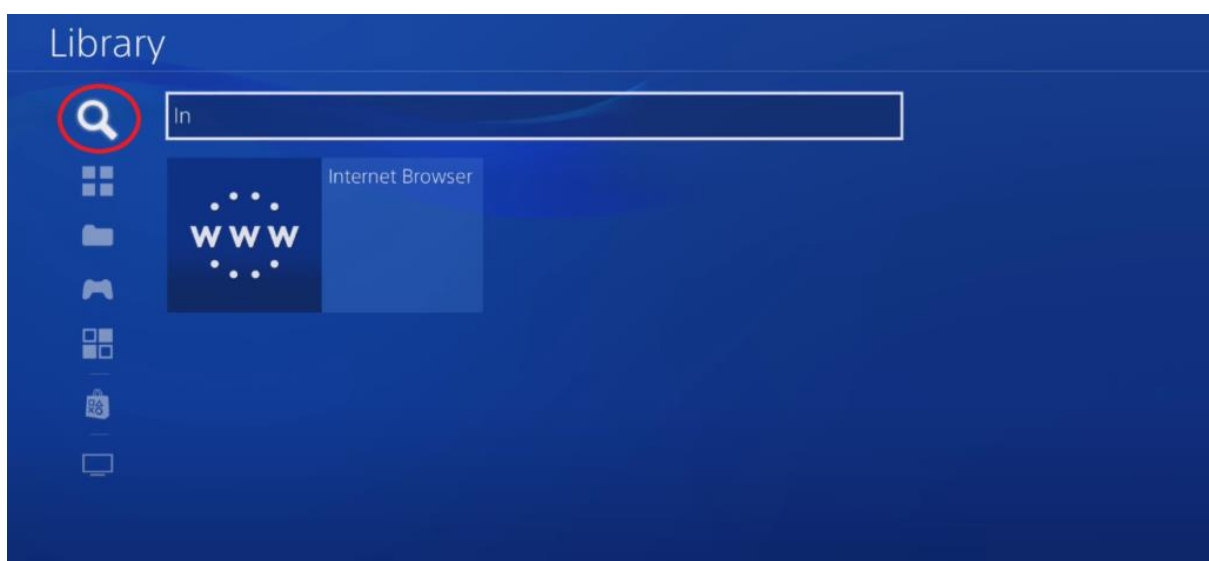

You are able to access Google Classroom on a wide variety of Gaming Consoles. One of these being a Playstation. This tutorial will work for any Playstation 4 with an Internet Connection. This will also work with the previous generation, the Playstation 3 – however the instructions will differ from the below ...

---

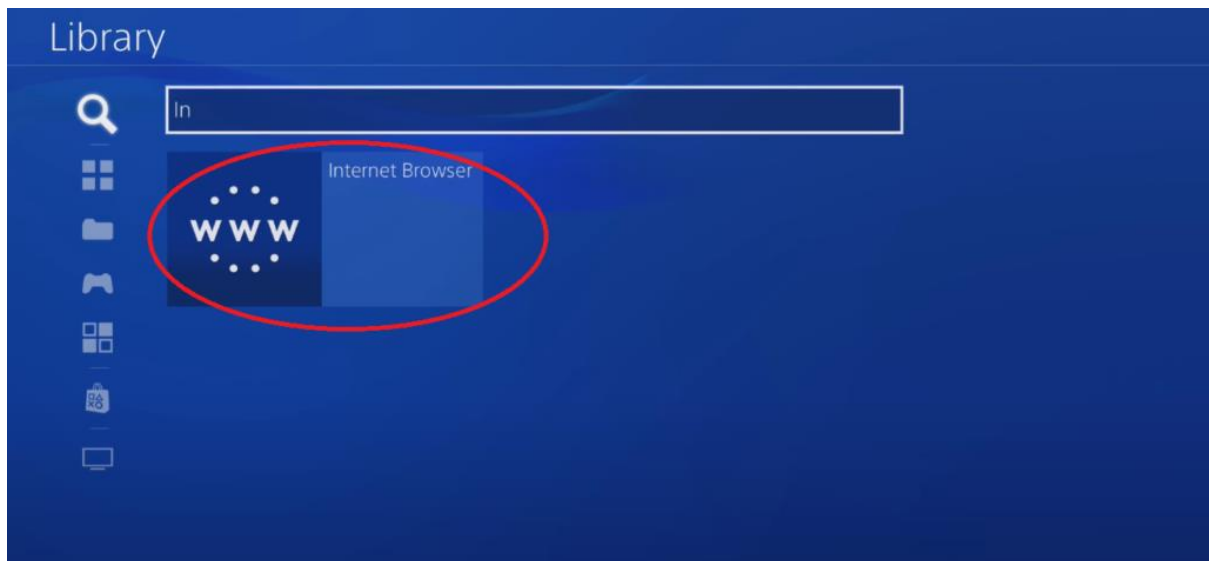

Start out by returning to your PS4 home screen and find the 'Library' box ...

On the next screen, move up to the magnifying glass icon, which will allow you to search, and type in 'Internet' ...

Move down and select 'Internet Browser', and then press on 'Start' once prompted ...

From there, once the Internet has loaded, you can visit [classroom.google.com](http://classroom.google.com) to access online learning. You are able to plug in a USB Keyboard and Mouse into the Playstation should you have one available ...
