Weekly Bulletin

Autumn Term 2026, Week 6

Harvest - Thank you to everyone who has supported our Harvest collection so far. We are collecting for Runnymede Foodbank who will use the donations to support families and individuals in crisis. If every family was able to donate just two items from the shopping list below, then that would be a fantastic shared achievement.

Please donate an item or two from the list to help local people left without enough money to live on.

School Photos - All individual and sibling photos were taken this week. Look out for the info coming home about how to purchase the school photos if you're interested.

Curriculum Enrichment - We've had a couple of workshops running this week for our children which has been really exciting. On Tuesday Y6 were visited by Dr. Metcalfe from Magna Carta School. They have been learning about the heart as part of their project work and were able to have a go at a heart dissection for themselves. Dr. Metcalfe regularly visits the school and supports our Science curriculum, which we're very grateful for.

Then yesterday our YR children took part in their first school workshop as they were visited by 'Little City'. An amazing role play experience was set up in the Hall so the children could try their hands at being vets, builders and mechanics, amongst other things. This workshop was new to us but I think it'll definitely be coming again next year!

Y5 had a unique opportunity on Wednesday afternoon. They visited Magna Carta school to take part in the British Army brass band concert. They thoroughly enjoyed the experience and it was lovely hearing the children talk about it upon their return.

Golden Wellies Award - Congratulations this week to Elliana and Sydney in Y3. They both worked together to develop and expand the fairy garden into a new space, adding additional resources. Well done to both of them!
